- iSmart charging technology to automatically adapt the suitable input current and maximize the charging speed;
- Built-in short-circuit and over-charge protection to bring safe and secure charging experience;
- Three LED indicators ensure you to always know how much power is left;
- High-quality aluminum alloy casing with a portable size.

What's in the Box

- 1 x RAVPOWER Power Bank (model: RP-PB33)
- 1 x USB Charging Cable
- 1 x User Manual
- 1 x Warranty Card

Specifications

Model	RP-PB33
Capacity	3200 mAh / 11.8 Wh
Input	DC 5V / 1A
Output	5V / 1A Max DC
Dimensions	21.6mm x 21.6mm x 100mm
	0.85 x 0.85 x 3.94 inches
Weight	90 ± 2g

▲ Note:

Please note that due to the conversion rate, the charging capacity of a power bank is not exactly equal to its actual battery capacity

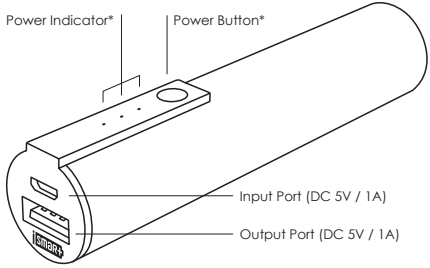
Product Diagram

1.Power Button*

2.Input Port (DC 5V / 1A)

3.Output Port (DC 5V / 1A)

4.Power Indicator*



*** Power button**

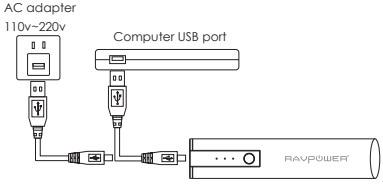
Press power button once to start charging when connected with your mobile devices. The power bank will automatically turn off in 30 seconds after your device is fully charged.

*** Power indicator**

Indicator	Battery Level
Three LED ON	> 65%
Two LED ON	35% - 65%
One LED ON	< 35%

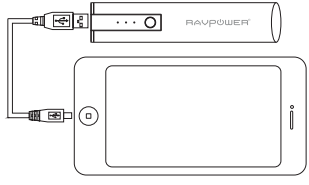
Charging the Power Bank

Use the charging cable to connect the power bank to any active USB port or USB charging adapter. Charging will start automatically, and stop when the power bank is fully charged. Battery level indicator will have all 3 LEDs on and turn off automatically when disconnected.



Charging your device

Connect the power bank to your device using the USB charging cable or your own original cable. Charging will start automatically and stop when your device is fully charged (press the power button once if charging does not start automatically).



Caution

- It is normal for the power bank to get slightly warm during charging/discharging
- Keep away from fire or extreme heat sources
- Not waterproof, please keep away from liquid or water
- The unit can simultaneously charge and discharge. However, constant pass-through charging may affect its lifespan
- Please do not dismantle this product
- Fully charge the power bank at least once every 6 months

No charging?

If after connecting, your power bank is not charging your device:

1. Charge the power bank to full capacity
2. Try a different cable (use original OEM cable if possible)
3. Try a different connection sequence (connect the charging cable to the power bank first, then connect with your device)
4. Contact our customer support

Contact

Tel: 1-888-456-8468 #3 (Monday—Friday: 8:00-17:00 PST, US Only)

Email: support@ravpower.com (all enquires, provide purchase order number if possible)
